

Chosen to be Witnesses and Servants of God

In the beginning God created humankind to **worship** him. There are many activities that make up worship. Part of worshipping God is telling others about him; this telling the bible often calls **witnessing**. Part of worshipping God is also **servicing** God; serving God is about doing what he says do no matter where we are, whether we are relaxing at home, at work, or at play.

God's love is so strong and so much that even when we do wrong, he forgives and says just get up and keep trying. It is through **Jesus Christ** and his sacrifice that God offers us forgiveness. It is through our acceptance and witness that Jesus gave his life that we may have life and life abundantly not only on earth but even after we leave earth.

Questions:

1. Why did God create humankind?
2. _____ and _____ are two ways of worshipping God.
3. It is through whom that God offers us forgiveness and life abundantly?
